Experience

LeapFish.com 2.5

July 2010

Designed and executed a visual and functional update of the LeapFish search engine. Created concepts in Photoshop CS4 and edited HTML/CSS in Visual Studio.

Redzilla Client Landing Pages

May 2010

Created original landing pages for a variety of clients for Redzilla.com. Pages included contact info, special offers, and a brief company background. Assets were created in Photoshop CS4 and the pages were executed in Dreamweaver CS4.

LeapFish 100K Cash Dash Campaign

April 2010

Created a website for a contest aimed at raising awareness of LeapFish.com as well as utilizing social media to leverage the search engine. Assets designed and created in Adobe Photoshop CS4 and Dreamweaver CS4

Tweet-A-Cause for the Make A Wish Foundation

October 2009

Designed an interactive website aimed to raise money to send a child to Disneyland through users' tweets. Assets were designed and created in Adobe Illustrator CS4 and Dreamweaver CS4

Kate Martin Website

July 2009

Designed and coded Kate Martin's production/editing website. Converted video and images into viewable content on the website. Assets were designed and created in Adobe Photoshop CS4 and Dreamweaver CS4.

InDesign and Photoshop Seminar

March 2009

Created two original designs for interactive web banners advertising 2 public seminars. The assets were designed and created in Adobe Illustrator CS4 and Photoshop CS4.

Employment

DotNext Inc, Pleasanton, CA

July 2009-August 2010

Graphic and Web Designer

Created graphics, branding, and HTML for a multitude of projects including online search engines, blogs, landing pages, print campaigns, and other online brands. Worked directly with the marketing department in completing projects on a deadline basis.

Neumatic Inc., San Francisco, CA

March 2009-July 2009

Graphic and Web Designer

Organized and created web graphics and assets for multiple web projects. Implemented file structure, gathered assets, and created/edited coding for web. Expanded my knowledge and experience in web programs and techniques.

Energi Design, Sausalito, CA

January 2008-March 2009

Motion Graphic Designer

Concept and create graphics, assets, and animation for web sites, print design, and motion graphics. Utilize and expand my knowledge in all Adobe products as well as deal with clients one-on-one.

Education

Ex'Pression College for Digital Arts, Emeryville, CA

September 2005-January 2008

Bachelor of Applied Science, Motion Graphic Design, Valedictorian

American River College, Sacramento, CA

August 2003-May 2005

General Education
